Unseen Dualities: The Highs and Lows of Black Womanhood in America

In the United States, Black women navigate a landscape defined by stark contrasts, experiencing the highest of highs and the lowest of lows, often without a moment to fully embrace either. From historic political milestones to devastating acts of violence, their journey is marked by extraordinary achievements shadowed by profound injustices. This critical examination delves ... [Continued](#)

Empowering the Future of Black Women Entrepreneurs in Venture Capital

Venture capital is a powerful engine driving innovation and economic growth, but for Black businesses, especially those owned by Black women, securing this crucial funding remains a formidable challenge. The stark reality is that Black women, despite being the

fastest-growing group of entrepreneurs, receive a mere fraction of venture capital investments. However, visionary leaders like ... [Continued](#)

Uniting for Wellness: AAMWA and Pastor Marvin Winans Champion Annual Black Men's Wellness Day

Image Courtesy of The African American Male Wellness Agency The African American Male Wellness Agency (AAMWA) once again making strides to safeguard the health and well-being of Black men with its annual Black Men's Wellness Day over the weekend. This year's event, hosted at Perfecting Church in Detroit and featuring the inspirational leadership of Pastor ... [Continued](#)

I studied ShotSpotter in Chicago and Kansas City – here's what people in Detroit and the more than 167 other cities and towns using this technology should know

Cities and towns across the United States have invested in the gunshot detection technology ShotSpotter. Douglas Sacha/Getty Images, CC BY by Eric L. Piza, Northeastern University Like many large cities in the U.S., Detroit's gun violence rate has fluctuated since the COVID-19 pandemic and the unrest after the murder of George Floyd in 2020. The ... [Continued](#)
